

**Eva Handjieva:**

The exchange in Ljubljana was a great experience! We learned new things, got inspired, met awesome people and made new friends, while having a lot of fun. The organization was excellent! The workshops, the school, the hostel, the food, the city, everything was great! Ljubljana is really magical, cosy and romantic and I'm going to be very happy if one day I have the chance to go there again. I'm thankful for having the opportunity to take part in the project and the exchange.

**Julia Pagniello:**

I really want to be someone who can speak foreign languages as natives do and discover as many countries as I can. For this reason, I think the Erasmus project was a really great experience for me. I enjoyed every moment I spent in Ljubljana, and I already miss my new friends.

**Ralitsa Vatseva:**

The organisation was perfect! Everyone was very friendly. I enjoyed all of the workshops. I really liked Ljubljana and Prekmurje, too. Everything is so green and peaceful. It was a pleasure for me to participate in this project and to have the opportunity to feel a different atmosphere and culture!

**Elisa Orlandini:**

It was an incredible experience. I've had an amazing time in Ljubljana, I always think and talk about it, and every time I use the pencil you gave me, my mind flies directly to Slovenia.

Programmes at school have been fun and cool, I would like to do them the whole year, especially the pottery workshop! Visits have been really interesting and free time with other guys and girls was always fun. I was never bored with them! Some friends are jealous of our experience... I'm just sorry that not everyone has the chance to take part in the exchange, but it would be impossible to take more than 100 students abroad.

I hope that younger students understand how great and important these projects are for our formation as artists and adults.

**Daniela Milanova:**

It was a pleasure to be part of the exchange programme and be able to go to Ljubljana. I had a really good time working on projects for each of the workshops. It was a great experience for me and I had the chance to make new friends and explore Slovenia and the country's culture.

**Nikolay Balimezov:**

I seriously doubt I'll ever forget that week in Ljubljana. It was an extraordinary experience, the people were awesome and the organization was top notch. I didn't encounter any communication problems as all of the Slovenian and Italian guys are fluent in English. As a matter of fact, I still keep in touch with them.

The workshops were very useful and the sights of Ljubljana owe-inspiring. My only remark about the exchange is that it should have been longer!

**Anna Avino:**

I spent a beautiful week in Slovenia. I hope to come back to Ljubljana. The week was special to me because I practiced my English and learned new things about a new country and culture. I decided to travel more thanks to this new experience in Slovenia.
